Mission
Houston Community College is an open-admission, public institution of higher education offering a high-quality, affordable education for academic advancement, workforce training, career development, and lifelong learning to prepare individuals in our diverse communities for life and work in a global and technological society.

Vision
Houston Community College will be the most relevant community college in the country.
We will be the opportunity institution for every student we serve – essential to our community’s success.

History
Since 1979, HCC has provided education and opportunity to Katy’s residents. What first began as college option classes after school at Katy High School has blossomed into a college community with close to 4,500 students. Almost four-thousand residents of Katy ISD attend an HCC campus.

Leadership
Dr. Zachary R. Hodges has served as president of HCC Northwest College since 1994. In his 18 years as president, his commitment to partner with diverse stakeholders has leveraged the college as a catalyst for economic and community development in West Houston.

Spring 2012 Enrollment

Student Population
Ethnicity

31.3% Hispanic

How does Katy benefit from HCC?

- Booming dual credit program in Katy ISD enables students to earn college credit while still in high school at a discounted tuition rate.
- Joint Admissions with University of Houston provides a clear pathway for students looking to earn their four-year degree.
- The West Houston Center for Science and Engineering assists students pursuing STEM degrees with grants, scholarships and internship opportunities.
- Goldman Sachs 10,000 Small Businesses program at HCC provides a practical business management education that helps you develop the skills needed to grow your company.
- Award-winning workforce programs in fields such as horticulture, EMS, cosmetology and computer science train students for a career – fast.
- Academic and career and technology faculty members are recognized leaders in their fields of expertise.
- A growing space-sharing partnership with UH System providing convenience for students who complete their associates degree and desire a four-year degree.
